

KURUBA SHASHANK

📍 Guntakal, AP ✉ kurubashashank5@gmail.com ☎ +91 6301415646 in kuruba shashank

Skills

Languages: Python, Java, JavaScript, HTML, CSS, SQL

Front-End Frameworks & Libraries: React.js

Developer Tools: VS Code, GitHub

Additional Tools: Node.js, Express.js, MongoDB

Work Experience

Slash Mark — Remote

May 2024 - July 2024

Full Stack Web Development Intern

- Developed a web application with a modern, responsive user interface, achieving a satisfaction rating of 90%.
- Developed and tested new features for web applications, ensuring functionality and usability.

Education

Madanapalle Institute Of Technology And Sciences

Aug 2022 – Jul 2026

Computer Science And Technology

- GPA: 8.11/10
- Coursework: Web Development, Cloud Computing, CS concepts

Projects

Luxe & Lineage – E-Commerce Website

- Tools Used: MongoDB, Express.js, React.js, Node.js, HTML, CSS.
- Designed and developed a responsive e-commerce website using MERN stack and AWS S3.
- Implemented product listing, cart functionality, and order placement features.
- Integrated MongoDB for data storage and AWS S3 for image hosting.

Finlytics – Financial Analytics Expense Tracker

- Tools Used: HTML, CSS, JavaScript, MongoDB
- Developed a full-stack financial analytics web app to track expenses, income, and savings with real-time visual insights.
- Implemented secure authentication, dynamic dashboards, and interactive charts using React.js, Node.js, Express.js, and MongoDB.
- Focused on responsive UI/UX design and efficient data management to enhance user experience and decision-making.

Real-Time Poll Rooms – Live Polling & Voting Platform

- Tools Used: HTML, CSS, JavaScript, Node.js, Express.js, SQL.
- Developed a full-stack real-time polling web app to create polls, share unique links, and collect live audience votes.
- Built backend APIs and real-time communication using Node.js, Express.js, and Socket.IO, with persistent data storage in SQL.
- Implemented fairness controls including one-vote-per-device enforcement, IP-based rate limiting, and strong input validation for secure, reliable usage.

Certifications

Web Development: HTML5, CSS3 & JavaScript (Infosys Springboard)

Programming & Backend: Python Essentials 1 & 2 (Cisco Networking Academy), Java Programming (edX)

Database: SQL Basics (HackerRank)

AI: Introduction to AI (Simplilearn)

Achievements & Courses

- Completed course on Data Analytics and Visualization Job Simulation by Accenture [March 2024]
- Completed course on Generative AI in Google Cloud by L4G [December 2024]
